

REMARKS

The application and the material cited to date have been carefully reviewed along with Examiner's remarks in the Advisory action. After this review, Applicant is convinced that his invention as claimed is patentable. Applicant strongly believes that his claims define the invention in a clear and definite manner, and that all of the claims are allowable.

2

Claims 1, 7 through 10 are pending in the case.

Claims 1, 10, 11, 12, 13, 17, 19, and 20 are amended to correct minor transcription errors and not for reason of any prior art.

The specification has been amended for better reading without introducing any new matter and are supported by subject matter originally filed and incorporated by reference.

The reference to related applications and patents is being amended to clarify the priority to the applications and updating of continuation data.

Formal drawings Figs. 1-28 are attached for draftmen's review.

This response is being made within the period for response.

Should Examiner have any questions regarding this response, Applicant can be reached at (650) 827-1388.

Respectfully submitted,

John Y. Chen
